

# Will Says Senators Are Really Nice Persons When Not At Official Work

Young Bob LaFollette is Listed as Remarkable Human

BY WILL ROGERS  
Well, all I know is just what I read in the papers, and what I run into here and there. You know I like to make it the likes and kill about the reporters. They are a kind of never ending source of amusement, amazement, and discouragement. But the Russell who you meet em face to face and know em, are mighty nice fellows. It must be something in the office that makes em so honest sometimes. When you see what they do officially you want to shoot em but when one looks at you and grins so innocently why you kinder want to kiss him.

We got a young fellow in there that you have all heard a lot about and many lots of you never met him personally although you would like to. Well that's the way I was. I had always admired his Father for he was a real fearless fighter with a world of ability. I expect he was admiring more by his enemies than any man ever had in public life. For they knew that he was on the level. Now it's a funny thing about offspring in the human race.

**Family Makes No Difference**

It's not like its animal neighbor. A race horse is almost sure to breed another race horse. He may not be as fast as the old Father Horse. But he will show a lot of speed nevertheless, and Dogs follow along in the make of their ancestors. You take a couple of pretty well bred Airedales and you can rest assured you are not going to get a Pot Hound. But with the Human race you may just as well throw your register book in the creek for what the mating brings forth in human mind can even guess much less be certain of. You are just liable to have some fine old stock bring forth a family of human Mutts as to produce an amateur Lincoln.

That's one of the main places where the Human race differs from the purely and totally animal. In nearly every other respect the human race is just about on a par with its animal brothers. Given the same conditions they will both do about

You just have to raise 'em up till they are 22 or 23 and then they start guessing'

the same thing. In intelligence first, I knew a Senator. But the other day run about even in self preservation they are 60-50. The animal will 110 come up to my place with his brother in law and a friend of mine Mr. Middleton the Playwright and I had the pleasure of knowing and chatting for two or three hours with Young Senator Bob LaFollette, of I think it's Wisconsin of course (I always get these two mixed up) But wherever it is, he's about as untrustworthy as the 100 per cent Human brother. So if it wasn't for the breeding why there would be no reason to distrust him from the other. We would just be pleased as another breed of Cats or Bears, or some other Species. But on account of us being so unreliable as to what we will produce why we are known as the Humans.

**Humanity**  
Humanity comes from the old British word Huber. Huber used to be in Museum on 11th Street New York. And they had everything in there and from there they gradually got to calling people Humans. It's just a name and has practically no significance at all.

**Humanity Unreliable**  
Ancestors don't mean a thing in our tribe. It's as unreliable as a political promise. Able bodied Newfoundlanders produce Scotch terriers in the breed Human. A western cattle Marc is able to produce a Man of War in our streams of existence. And just don't know what will happen. You just have to raise 'em up till they are 22 or 23 and then start guessing. Plus no more talk after their Father and Mother then a Congressman will take after a good example.

Mind you I am not in the least reticulating all this for its like every thing else. Its for the best. If this Country did take after its Fathers and help it. It's because most of them are an improvement over their Father is why we have such low taxes good Radio announcers and Farm Relief.

But every once in awhile we get hold of a great Father who begets a great Son and this offspring I am referring to is of that very type. He looks mighty like he was set up to pick up the old man's pack and carry on with it. I had met him before that is usually. He was in a crowd and I didn't want anybody to know that.

My Wife no usual summed him up in one remark. That fellow would have made good in a legitimate business.

## SELF-DEFENSE PLEA IN MCCUMBER CASE

Basis of Fight To Save Moral Woman Indicated by Attorney

The ultimate defense of Mrs. Verdie McCumber, who was yesterday bound over to the Marion county grand jury on a charge of first degree murder, will be self-defense. Attorney Fred Warner, who represented Mrs. McCumber in a preliminary hearing in municipal court yesterday, has indicated.

A preliminary hearing before acting Judge J. D. Williamson in municipal court yesterday afternoon did not reveal any motive for the shooting other than a quarrel, in which, according to witnesses, Harry McCumber shot his wife three times and the third time "shoved her down."

Practically the only point placed on record during yesterday's proceedings that will have any influence in the trial of Mrs. McCumber was the apparent absence of any death bed statement by Harley McCumber.

Father's Testimony  
Harley McCumber, father of the dead man, testified that his son at no time made any statements blaming or cursing his wife for the shooting. Harry McCumber died Monday afternoon in a room of Mrs. Hall, to whose home Harley McCumber ran after he had been fatally shot. It was shown that McCumber had at any time censured his wife for the act.

While attorneys battled over the preliminary step yesterday in a fight for her life, Mrs. McCumber sat behind her defense attorney

was a picture of indifference. She was unaffected by the references to the fatal shooting and oblivious of a crowd that jammed the little courtroom. She was not called to the stand as her attorney waited for examination.

Shows Little Interest

Quiet, but apparently comprehension of the situation, Mrs. McCumber at no time by action or word identified herself as the outstanding character in yesterday's hearing. She evidenced no interest in the proceedings than many members of the audience.

Following the preliminary hearing Mrs. McCumber was taken to the police department office in the rear of the building where her fingerprints were taken. She complied with the requests of officers without making any comment or evincing any particular distress as she dabbed her fingers, first in ink and then on the white card board. When this had been

completed, she was returned to the county jail to await the September grand jury.

forward this slim blonde youngster from out of the west who won the Edison scholarship. W. B. Huston answered 57 formidable technical and ethical questions as calmly as though it were all in the boy's work.

Thomas A. Edison, Henry Ford, Col. Charles F. Brush, George Eastman and Dr. S. W. Stratton of M. I. T. prepared the questions and they were powerfully designed to select the boy who shows the most promise of becoming Edison's successor.

Bruce Wilbur Bretherton Huston of Seattle refused to admit there can be a successor to Thomas A. Edison and said, "I am not foolish enough to think I can be as great as he is. Can't Believe It."

He'll never get through telling the folks back home all about it.

Wilbur doesn't take unto himself all the credit for his prodigious store of knowledge. He said:

"I guess my family background helped a lot," and added smiling:

"They are his father, S. Arthur Huston, Episcopal Bishop of the tenth District, his mother, his brother John S. and sister Anne S."

Wilbur answered questions with dignity and composure in spite of the fatigue of the strenuous past few days in spite of the excitement of becoming the most honored boy in the United States.

Did he think this was a "fair one?" He answered sagely:

"Yes, it seemed a fair test, but a hard one."

What would he do if someone unfairly accused him of cheating? He parried that one:

"It would take me all day to answer that well."

## PUBLIC UTILITIES WORKING ON LINES

Three Concerns Busy on Center St Preliminary To Pav-  
ing Construction

Three Marion utilities are having a hand in the resurfacing of Center St. by checking up pipe lines and conduits. Their work is done in connection with contractors L. Dreske & Sons, who are now building new houses from Oak St. to Main St.

The Ohio Fuel Gas Co. is now laying four-inch lines under the pavements as the excavation work is done. New lines will extend as far east as Greenwood St. as the paving work progresses.

The C. D. & M. Electric Co. is now connecting conduits under the pavements on a contract with the city for White Way street lights. These conduits are laid before the concrete base of the street is paved.

The Marion Water Co. is checking all water lines along Center St. and replacing all faulty sections and connections. This work will not be very extensive. Manager George Whisell indicated.

## THREE KILLED WHEN AIRPLANE CRASHES

One of Victims Believed To Be  
Millionaire, Ship Collapses  
in Loop

AMMONIA, N. Y., Aug. 3.—Dr. John A. Clark, coroner, today began an investigation into the crash of an airplane near here last evening in which three men are believed to be a millionaire were killed after the plane went into a tailspin.

The victims were Ambrose Monell, 29, of New York and London; Francis D. Gandy, 22, of Cleveland, and J. L. Eggen, 27, the pilot of New York City. Monell was believed to be the son of the late Ambrose Monell, nickel manufacturer, who died leaving an estate of \$20,000,000. Inquiries at his home in New York City revealed he left there yesterday to take a pleasure flight with a friend named Under.

At approximately 2:17 one wing of the plane collapsed as the 3,111 was hitting the plane through loops. The ship fell like a plummet for 200 feet and crashed in a patch of trees 1,200 feet over the Connecticut state line.

## Sincerity

### A SERMONETTE

BY THE REV. G. G. CANFIELD

Pastor, Church of the Brethren

LKE 6:15 is the parable that Jesus used illustrating the difference between the good and honest heart and the result as over against the result of a heart filled with deceit, pleasure, riches and double mindedness. Sincerity, signifying truth and uprightness, is a fruit of the Spirit and is opposed to hypocrisy.

Since man can be good or bad at his will, can be sincere or hypocritical as he chooses to be, we can say with Jer. 17:10 that man is not naturally good, is perhaps as void that must be refined, or as the poet puts it, "A diamond in the rough."

An accusation of being insincere is not a sure sign it is true. And I might be mistaken if I should consider one sincere, for we are able only to judge from the appearance, but God looketh upon the heart. Our examination is made by Him. Jer. 17:10 declares that Jehovah will search the mind and try the heart and according to the fruits of his doings Jesus condemned the one who loved the darkness for his fruits, not wanting them brought to the light. Compare that with David, who in his 130th Psalm said, "Search me O God, know my heart, try me and know my thoughts."

As God looketh upon the heart He can easily be found of that one that will seek Him with the whole heart, Jer. 20:13, "For the eyes of the Lord run to and fro in the earth to show Himself strong in behalf of those whose heart is perfect before Him," Chron. 16:9.

That good and honest heart welcomes all known truth. Eagerly seeking new truth; hates error and rejects it. Here is where the good seed of the Kingdom finds lodgment and "Brings forth fruit with patience."

To have the mind of Christ is the only safe way. Without it one is deceived, preaching is foolishness, the devil rules one of that good seed, and other good seed is wasted and dispensed for other things of less value. Not only the seed is lost but there is no fruit developed from that heart.

The life unmixed with error, heresies and sin; but sincere, teachable, loving, peaceable kind, is considered acceptable in the sight of the one who judges surely and truly.

# \$1,000.00 In Cash Prizes For The Competitor

In the Mammoth Sign Frame at the top of the Exposition Building Reproduced on these two pages, there are 98 spaces—each space presenting to your notice a famous advertised product.

This time you must answer the question asked in each one of the 98 spaces.

This is the last of a series of four questions to be asked our readers. You will have until Saturday, Aug. 10 to obtain answers to these questions.

The first question in this series asked for the NAME of the local representative, the second question asked for his STREET ADDRESS

and the third asked for his TELEPHONE NUMBER. Extra copies of contest pages may be obtained free at The Marion Star Business Office.

After filling in the answers, bring or send the four complete sets of pages to the office of the Marion Star, with a letter, of 100 words or less, telling why you prefer any one article or service named in these pages.

## Mrs. Hines Is Second Kenton Woman To Become Attorney

Spent Spare Hours Studying Law at Ohio Northern University

KENTON, Aug. 3.—An unusual honor and distinction has been attained by Bernadette Russell Hines, daughter of James Russell of East Franklin, in successfully passing the state bar examination.

She is the second Kenton young woman to attain this coveted goal.

Miss Geneva Cesars, daughter of Mr.

and Mrs. C. M. Cesars, having passed

two years ago. She is now practicing

in Toledo.

MRS. HINES announced today

that she would continue in her

profession, however, she is undecided

as to where she will locate.

Together with 420 other successful

embroidery attorneys, she will be sworn

in either at Cincinnati, Cleve and or

Columbus.

Behind her attainment of a long

sought goal, ten women of the

state have achieved her many weeks

and years of continued work, that

she might earn money to assist in her

schooling.

Upon her graduation from the

Kenton high school she entered

the college of law at Ohio Northern

University in Ada. She attended

classes during the morning driving to

and from them each day and in the

afternoon she worked as a stereo-

grapher in the law office of Attorney

Rev. Wm. H. Ross. Here she received

much helpful information relative

to her profession.

During the evenings she assumed

the duties of her seven room house and

then utilized her spare hours in

studying.

## Marion to Have Part

HARDING SUBJECT OF SKETCH

## in Radio Feature Series

MARION will be in the lime-light in one of the series of "Shrines of America" to be inaugurated in the near future as a radio feature from WTAM at Cleveland with the Harding Memorial furnishing the background of the sketch telling of the life of President Harding.

Material for the Marion feature has been gathered by Gordon Hulsham, education director of WTAM. WPAF who stopped here yesterday. He is making a tour of the country visiting the nation's most famous monuments and shrines.

The first of the series is not expected to be heard until after Sept. 1. Higham said. Stories of America will be sponsored features from the Cleveland station and will be broadcast at night hours popular during the time that the subject of the program was in national prominence will form the musical background for the broadcasts.

Hulsham said that the Cleveland station should be one of the most popular of the state after the new 50,000 watt broadcaser is completed. He said that the latest equipment being used will bring it into national prominence.

### FORMER MEMBER OF ROXY'S GANG IS BACK

EDWARD ORMANDY whom most listeners will recognize as the great violinist who was one of the first of the famous Roxy Gang returns to the microphone next Monday night after a long absence as director of the Under Dogs program of the General Motors Family Party.

At the age of seven Ormandy who is a native of Hungary made his debut in a concert violin with a miniature violin made especially for him. At 10 he joined the court of Emperor Lenny Leopold with his artistry and began a career as a child artist that brought praise from Every European "confidant" and commands from many crowned heads to play court concerts.

Ormandy came to America with his European manager but both were new to the ways of this country and consequently soon were poor and the manager returned to Europe leaving Dr. Eugene to run the affairs of New York alone. He heard of Roxy and his Capitol Theater orchestra and applied for a position. He was given a position as a violinist and soon made his radio debut at the request of the famous Roxy and the rest was easy for radio heads recognized in him a star of the first magnitude.

The program Monday night will

## COUPLE WED TWICE AGAIN SEEK DIVORCE

Husband Gets First Decree, Wife Now Suing for Second

Two weddings one divorce and a chest in for another divorce is the local record set up by Seth Moore and his wife, Edna Moore.

This morning, Mrs. Moore filed suit for the second divorce in Marion before the Marion County Probate Court. According to the petition, she was first married to Mr. Moore July 1, 1911, in Marion. At 12 o'clock, she started to divorce him, but he was not interested.

The Nov. 1 of the same year they were remarried in Marion. Now Mrs. Moore is filing suit for a divorce again. She charges her husband will not support her.

They are the parents of five children, the oldest son, 14, was born after the first marriage and the fifth after their second marriage. Mrs. Moore asks division of her income, the income of the estate and permanent alimony of the former husband. She is represented by the law firm of Burkhardt & Warner.

**Terrible Accident**

A man named L. S. Leon issued injunction against A. W. Lusk, 57, operator of the Wales Building and Lester M. K. Harbin, 50, maid of Marion.

**Boys Sentenced**

James Williamson, 11, and Raymond McNeil, 10, have been sentenced to the Juvenile Industrial School for boys for juvenile offense. Both were sentenced to the school by the juvenile court for stealing groceries from a grocery store.

**Sold Dismissed**

The divorce suit filed in common pleas court by Otto Fletcher against Robert Fletcher was dismissed Aug. 11, in Marion. Plaintiff was represented by Attorney Louis L. Myers.

## BUILDING STRIDES FULFILL PROPHECY

Main Thoroughfare Due To Be Solid Line of Business Blocks in Few Years

### RAPID DEVELOPMENT

This Year and Last Year Make Record in Center St. History

West Center St. is coming up to expectations as outlined in prophecies over a long period of years.

Prediction that before the lapse of many years Marion's main traffic artery would be built up solid from the courthouse to the Union station has been heard frequently ever since building developments started here and the forecast is now rapidly nearing fulfillment.

At no time has greater progress along that line been witnessed than last year and this year. Gone is the string of business blocks lining the thoroughfare have been closed and before cold weather puts a stop to construction work this year there will be only a few open spaces along the street especially the south side.

#### Store Building Near Completion

Finishing work on the new building to be occupied by the J. C. Penney Co. store is now under way and within a few weeks this modern structure will be ready for occupancy.

Directly across the street the site has been leased for a building which will be the Kline department store of a New York company.

On down Center St. on the south side H. A. Ammann has cleared and graded the ground preparatory to erection of a new business building plans for which have not been announced in detail. Adjoining this land on the west a building is being erected by J. W. Tamm. When this structure and the one to be built by Ammann are completed there will be no unbroken line of business property from the courthouse square past the church st.

Another building that is to be head quarters for the local Chevrolet agency has been started west of the Eagles' building and this will also another opening in the Center St. string.

#### Only a Few Openings

With these structures finished the south side of Center St. will have only a few gaps remaining to be occupied by business structures that will definitely fulfill the prophecy of a solid line from Uptown to the Union station.

In addition to the new structures old buildings have been demolished and it is generally predicted that the work of construction and reconstruction will continue steadily during the next few years.

## WEEK'S CLEARINGS LISTED AT \$643,016

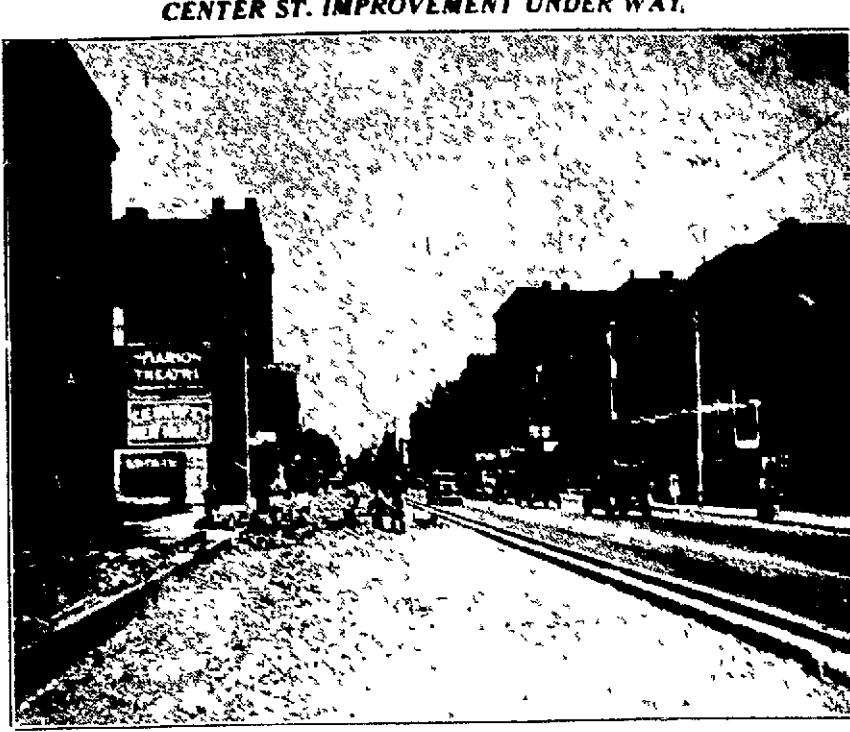

Bank Transactions in City Show Increase, Thursday's Total Highest

Bank clearings this week ranked favorably with previous weeks and topped last week's total by several thousand dollars. The week also saw a change in clearing houses.

The total for the week ending Thursday was \$411,016.59 as compared with \$370,290 the preceding week. This week's total was considerably ahead of the single day's clearing of \$157,723.12 on Thursday last.

Clearings dropped as low as \$10,731.03 on Wednesday when the banks are closed for half a day. The second lowest figure was reported on Tuesday when \$74,157.71 was cleared.

During the week the National City Bank & Trust Co. rounded out its third month as clearing house and turned over the official clearing records to the Marion County Bank Co. which will handle the work for the next three months.

Pictured above is a recent view of West Center St. showing improvement work in progress from 6th to 11th. Paving construction is shown at the left and the new J. C. Penney Co. store building appears at the right.

## Mortgage Loans in County Total \$53,647 for Week; 17 Properties Transferred

Transactions as Registered at County Recorder's Office Show Decrease Over Preceding Week, Greatest Activity in City Real Estate

A drop of about \$10,000 brought the mortgage loan total in Marion county for the week ending yesterday to \$53,647.03. Loans show a decrease of five in number, dropping from 30 last week to 25 this week.

All mortgages with the exception of two were placed on property in Marion or in the office of County Recorder Carl S. McKeever.

The two out of the city to show loans were \$1,100. The city total for the week was \$1,470.00 as compared with \$67,752 for last week.

The last mortgage of the week was for \$10,157. It was placed on city property in a lot of building land in a company.

The number of real estate transfers decreased from 30 last week to 25 this week.

A list of the recently exchanges follows:

## 10 PERMITS ISSUED

City Building Register for Week Totals \$6,615

Permits to erect 10 buildings estimated to cost \$6,615 were issued last week according to report from the office of City Clerk S. H. Kelly.

Garages proved to be most in demand with three permits taken for them during the week. They were valued between \$75 and \$100. Permits for two dwellings were issued, those estimated to cost \$1,600 each.

A \$75 addition to a dwelling, a \$150 shop remodeling work on a garage estimated to cost \$25 and remodeling work on a porch valued at \$50 completed the week's permits.

## CENTER ST. IMPROVEMENT UNDER WAY.

## MARKET INDICATES LIGHT FRUIT CROP

Prediction Made by Local Dealers on Basis of General Reports

Predictions of a very light apple crop here come from growers as a result of attempts to secure desirable varieties to market by the last week. Most of the northern apples offered here are gaunt and knobby, and not very large. Sole 1 fruit is bringing 15¢ as that are exceptional and consequently more expensive.

Coupled with this is the little fruit this year owing to the bad dry summer. Apples from the northern markets this week. With them went the last of the straggling peach cherries which were in no condition.

Cherries however are still to meet the demand for fresh fruit and vegetables, and in the dry seasons, apples, berries and cherries. In the place of these are now offered select ones of nearly every size and description. Watermelons are slightly higher in price than a blue globe to 40 cents each. Next in line is the new dew and sun, selling for 15 and 20 cents each. Cantaloupe is between 15 and 25 cents and 25 cents each. Cantaloupe and sun melon are the best and smallest are the larger and smaller kinds of the honey dew melon which sell for 10 and 15 cents each.

Eagles 10, A. M. E. 0			
Kappas 0, R. C. P. 0, (called end of sixth account darkness)			
Howitzer-Prospect postponed.			

BY BOB ELLIOTT

WHILE the Eagles and Shovel teams were making much of the well-known whoopie with the A. M. E. and Star sides in yesterday's games of the Commercial league, the Kappas came within an inch of finding themselves distinctly out of the race. However they managed to stave off the K. of P. nine for six innings at the end of which frame the game was called with the score standing at 0 to 0.

The Eagles are all but "in" for the championship having only three more games to play, two of which are absolutely victories. They play the Howitzers, Stars and Shovel. Should the latter win, the pennant would still belong to the Eagles. There's not much of a chance for the Stars or Howitzers to defeat the present league leaders unless they all fall down and break a couple of legs and some arms.

### Hits Pending

There's been nothing but scarce in the scorebooks deadlock last evening but both pitchers kept them so sented that the one run necessary to win could not be brought across the plate.

The Kappas hit safely in each of the six innings but got only one run to third base while the Pythians got five hits off Roscoe Rank, two coming in the second inning but Rank took care of this miniature uprising, whiffing two and throwing out Fields at first base with Huey and George Peardon on base.

The Kappas lost their best chance to score in the fifth when Bill Wood popped to third base with all the runs filled to the overflowing with ambidextrous Kappa base runners. Peardon got to third in this inning thanks to an error at second base while Johnny Rife worked a walk of Peardon and McClellan got a single.

The Shovel gained a half game on the Kappas by wallowing the Eagle second sacker is wanted by Kenton follows: "He (Bacon) is not the only one to have some nerve that the hitting slump of last Sunday will be eliminated and that the Independents will be met with a hard and timely hitting attack. This coupled with fair pitching will tend to allow the locals to come home with the bacon."

From the story we couldn't be sure whether or not Bacon was going to play the remainder of the season or not with the Reds but if such is the case the attack and defense of the Eagle team will be weakened at least 100 per cent. The first of the season when Bacon was added to the team it helped up both on the defense and offense. Statistics published last week showed Bacon to be leading the team in hitting with a mark above .400 and his fielding ability known very well to be quite good.

At the top of the subject of Bacon, maybe some of the local hardball fans will be interested in knowing that he has signed with the Kenton Reds and will be in their dugout when team comes to the Lima next Sunday. The Kenton Daily Democrat carried quite a story yesterday to that effect.

A PATRAGONIPL from the attorney showing how much the former Eagle second sacker is wanted by Kenton follows: "He (Bacon) is not the only one to have some nerve that the hitting slump of last Sunday will be eliminated and that the Independents will be met with a hard and timely hitting attack. This coupled with fair pitching will tend to allow the locals to come home with the bacon."

Tomorrow afternoon at 2:30 o'clock the Eagles meet a team of former Marion baseball stars at Lincoln Park. These two teams tried to play once before this season but the game had to be called in the second with the Eagles leading by a lopsided score. The same team will represent the old time stars while the local nine will be the same as in the last three games with the exception of Bacon at the middle cushion.

A N All-Star preliminary game between the two soft ball teams will start at 2 o'clock with Bob Peardon opposing Roscoe Rank on the mound.

Our bouquet of roses for the games last evening can go to no place but to Ralph Clark, the Shovel A. A. Butler, who blanked the Stars without a solitary bunt. His control was the best he has displayed this year and it may give the league leaders the surprise of their young lives.

The other two men, who were arrested by sheriff Hollinger, will come to trial in Major William Burns' court in Northfield Tuesday.

## BUCS SLUMPING BAD AFTER GRIMES AND PIE ARE FORCED OUT

Pirates Weak Against Second Division Teams as Cubs Rare on Home Lot

BY DAVIS J. WALSH  
I. N. S. Sports Editor

NEW YORK, Aug. 3.—To the rest of us it might have been the silent July 20 we have had this year but, then, the rest of us don't live in Pittsburgh, which makes all the difference in the world, particularly to me. Jimmie, anyhow. July 20 wasn't July in Pittsburgh; it was the day on which Burleigh Grimes was hurt, making it the logical birthday of Benedict Arnold, the scoundrel who is understood to have tried to throw the world series back in 1770. It was the day that apparently put the boxer on Pittsburgh as a possible winner of the National league pennant.

With Grimes carrying the pitching and Pie Traynor holding up the infield, all was well on July 12. The Pirates were three games in front on their field and hastening onward with the speed of an evil rumor. With Grimes out, the club faltered, a trifl and was only a game ahead on July 19. Then Grimes went out and it didn't falter at all. It fell all over itself. And at a late hour last night, it still was falling faster than the hair from a receding fore head.

### No Pitchers

They say the Phillips have no pitchers and maybe they haven't. But one of the pitchers they haven't got, Sweetland, that's the Pirate right out yesterday, rounding out their ninth defeat in the last 15 games, which roughly represents the period covering the absence of Grimes and Traynor. In brief, nobody will take issue with the statement that the incapacitation of this pair—one of them a pitcher who won 15 of his first 17 games and the other the key man of the team in losing the pennant for Pittsburgh.

But the man would be silly who says that this is winning the pennant for Chicago. Nobody is winning the pennant for Chicago, except the Chicago ball club.

Any outfit that wins 13 of its last 15 games may be designated as a soft mud winner and one that needs no underlining.

In the natural course of events, the Cuban performance probably would have carried them to the pace, Grimes or no Grimes. But with both Grimes and Traynor in there, the Pirates undoubtedly still would have a ball club and the National league still would have a pennant race. For the Pirates have been playing around with the chump clubs of the circuit, Boston, Philadelphia and Brooklyn, since late in July and, under ordinary circumstances, could have been expected to stick with even the giddy pace the Cuban have furnished.

### Loss To Weak Team

Instead, they won only once in three games with Brooklyn, broke even in four with Boston and yesterday blew their third of four meetings with the Phillips. For a time, the hitting held up—and they lost. They scored seven runs in one game and nine in another and finished second in both. Then the pitching came on again—and they lost. It is the thing one does best when one's knees are strained.

As a matter of fact, take Edison out of West Orange and what have you got? Right, Major Edison, you have West Orange. Incidentally, Pittsburgh still has Pittsburgh. It simply happens that, among the things it no longer happens to have, is the probable pennant winner in the National league.

### Hitting Lags

From the story we couldn't be sure whether or not Bacon was going to play the remainder of the season or not with the Reds but if such is the case the attack and defense of the Eagle team will be weakened at least 100 per cent. The first of the season when Bacon was added to the team it helped up both on the defense and offense. Statistics published last week showed Bacon to be leading the team in hitting with a mark above .400 and his fielding ability known very well to be quite good.

### Winning in Court

At the top of the subject of Bacon, maybe some of the local hardball fans will be interested in knowing that he has signed with the Kenton Reds and will be in their dugout when team comes to the Lima next Sunday. The Kenton Daily Democrat carried quite a story yesterday to that effect.

### BETTING OFF AT DOG OVAL UNTIL TUESDAY

General Manager of Northfield Track Confident of Winning in Court

AKRON, Aug. 3.—Through the Northfield dog oval will be open tonight and Monday night, betting through the "donation system" it is taboo until Tuesday next when indictments returned here against two of the four employees of the track who were arrested in a raid on the dog oval by sheriff Jacob Hollinger, will be disposed of, officials admitted today.

Promising sheriff Hollinger that the 90 betting cages at the track would be shot down tight, A. L. Spindler, of Chicago, general manager of the track, asserted he was confident that the two test cases would be decided in favor of the indicted employees and that the track would be running in full 30 days after the cases were disposed of.

The two employees, who were indicted by the Summit county grand jury late yesterday on charges of selling tickets on a game of chance and for taking wagers for money, were Henry Schumacher and Edward Ingels, both of Akron. They will be arraigned Monday. If they enter pleas of not guilty they will be tried Tuesday.

The other two men, who were arrested by sheriff Hollinger, will come to trial in Major William Burns' court in Northfield Tuesday.

### HELEN LEADS FIELD

EAST HAMPTON, N. Y., Aug. 3.—Led into action by Helen Wills, the California girl who holds the women's championship, a select field of thirty-two women tennis stars started play here this morning in the annual invitation tournament of the Madison club.

At New York—Ruby Goldstein, New York junior welterweight, knocked out Andy De Marco, Philadelphia (4).

Harry Wallace, Philadelphia, drew with Frankie White, Brooklyn (10).

At Newark—Ruby Goldstein,
